## 1 Breakfast

# BANANA Bread Cake Pops

 Having a cake pop maker and wanting to use it

## Preparation

- 1 Start by mashing bananas with a fork; over-ripe browned banana work best. To ripen them more quickly, put them in the refrigerator overnight.
- 2 In a medium bowl, combine mashed bananas, sugar crystals, oil, and egg whites and mix well.
- 3 In a separate bowl, mix all dry ingredients until evenly distributed.
- 4 Pour dry ingredients directly into banana mixture and stir.
- 5 Add water to thin batter to a cake batter like consistency for easy scooping into your cake pop maker.
- 6 Scoop one heaping teaspoon of mix into each hole of heated cake pop maker. Close the lid and cook for 3 minutes or until center is completely cooked.

## Ingredients

- 3 medium bananas
- 2 egg whites, slightly beaten
- $\frac{3}{4}$  cup organic sugar cane crystals
- $\frac{1}{4}$  cup canola oil
- $\frac{3}{4}$  cup AP flour (90 g)
- $\frac{3}{4}$  cup wheat flour (85 g)
- $1\frac{1}{4}$  tsp baking powder
- $\frac{1}{2}$  tsp baking soda
- $\frac{1}{2}$  tsp ground cinnamon

- $\frac{1}{8}$  cup water

# Starbucks Copycat Blueberry Muffins

 Originally Starbucks

## Preparation

- 1 Preheat the oven to 350°F and arrange paper cups in a muffin pan.
- 2 In a mixer bowl with paddle attachment, mix butter, sugar, salt, and vanilla until you get a soft and creamy mixture.

- 6 Add  $\frac{1}{2}$  of the milk while blending until it is mixed into the batter.
- 7 Add another  $\frac{1}{3}$  of the flour while mixing, then the remaining milk, and finally the remaining flour. Once the mixture is smooth, stop mixing; over-mixing may damage the texture of the muffins.
- 8 Add in the frozen blueberries and mix briefly by hand only until evenly dispersed in the mixture.
- 9 Fill the muffin cups in with batter.
- 10 **To make the streusel topping:** Place sugar, flour, butter, and salt in a bowl and blend with fingertips until you get a crumbly mixture. Sprinke generously on top of each muffin.
- 11 Bake for 20 to 25 minutes or until the muffins are golden and set.

## Preparation

- 1 Heat the olive oil in a large skillet or pan over medium heat. Add the onion and saute until transparent.
- 2 Stir in the garlic and fry until fragrant (~30 seconds), then add in the shrimp with the basil and  $\frac{1}{2}$  teaspoon salt.

# Hachis Parmentier

An age

## Preparation

**1 To make the beef:** Put all the ingredient except the bouillon cube in a Dutch oven or soup pot and bring to a boil, skimming off the foam and solids that bubble to the surface. Lower the heat and simmer gently for 1½ hours. Taste broth at 45 minutes and add bouillon cube for more intense flavor if desired.

**2** Drain the meat and carrots, reserving the broth. Strain the broth. (The beef and bouillon can be made up to one day ahead, covered and refrigerated.)

**3** Chop the beef and carrots into tiny pieces using a chef's knife. You could also do this using a food processor.

**4 To make the filling:** Butter a 2-quart oven-safe casserole dish.

**5** Put a large skillet over medium heat and pour in olive oil. When it's hot, add sausage and cook, breaking up clumps of meat, until the sausage is just pink.

**6** Add the chopped beef and tomato paste and stir to mix everything well.

**7** Stir in 1 cup of the bouillon and bring to a boil. You want just enough bouillon in the pan to moisten the filling and bubble up gently wherever there's a little room; if you think you need more, add it now. Season with salt and pepper.

**8** Add chopped carrots.

**9** Scrape the filling into the casserole dish and cover it lightly; set aside while you prepare the potatoes. (You can make up to this point a few hours ahead; cover with foil and refrigerate.)

**10 To make the topping:** Put the potatoes in a large pot of generously salted cold water and bring

## Ingredients

### For beef and bouillon

- 1 lb cube steak or boneless beef chuck, cut into small pieces
- 1 white onion, sliced
- 1 lb carrots, peeled, trimmed, and cut into 1-inch pieces
- 2 garlic cloves, smashed and peeled
- 1 bay leaf
- 1 tsp salt
- ¼ tsp black peppercorns
- 6 cups water
- ½ beef bouillon cube

### For the filling

- 1½ Tbsp olive oil
- ½ lb sweet sausage, removed from casings if necessary
- 1 tsp tomato paste
- dash salt and pepper

### For the topping

- 2 lb red or gold potatoes, peeled and quartered
- 1 cup heavy cream
- 4 Tbsp unsalted butter
- dash salt and pepper
- ½ cup shredded gruyere

to a boil. Cook until potatoes are tender enough to be pierced easily, about 20 minutes; drain well.

**11** Mash potatoes well, then blend in 3 tablespoons of the butter. Blend in heavy cream to taste. Season to taste with salt and pepper.

**12** Spoon potatoes over filling, spreading them evenly and making sure they reach to the edges of the casserole. Sprinkle shredded gruyere over the top and scatter bits of 1 tablespoon of butter.

**13** Preheat oven to 400°F and place drip catcher (silicone baking mat, aluminum foil) under center rack. Place dish on center rack and bake for 30 minutes, or until filling is bubbling steadily and potatoes have developed a golden brown crust.

For a quicker recipe, use ground beef and store-bought beef broth. Use 1 pound ground beef, and when you add it to the sausage in the skillet, sprinkle a little parsley and thyme. Saute 2 minced garlic cloves in olive oil before adding sausage to skillet. Moisten the filling with broth, and you're good to go.

# Broiled Salmon with Thai Sweet Chili Glaze

📄 CTB prepped meal

## Preparation

**1 To make marinade:** Combine sweet chili sauce, soy sauce, and ginger in a bowl. Reserve 3/4 cup in small container and set aside; this will be the sauce for the cooked fish.

**2** Place salmon, skin side up, in dish or ziploc and cover with marinade. Marinate for 1 hour in refrigerator.

**3 To cook fish:** Set oven rack 5-6 inches from the top and preheat the broiler.

**4** Line a rimmed baking sheet with aluminum foil sprayed with nonstick spray.

**5** Transfer salmon to prepared baking sheet, skin side down, and drizzle a bit of marinade on top. Go easy – you don't want it to pool too much on baking sheet because it will burn in the oven.

**6** Broil salmon for 6 to 10 minutes, or until browned in spots.

**7** Serve with rice and reserved sauce.

## Ingredients

- (4) 6 oz salmon filets, skin on or off
- 3/4 cup Thai Sweet Chili Sauce (Mae Ploy)
- 3/8 cup soy sauce
- 2 Tbsp ginger, grated

## Hint

# Butter Chicken

 Indian take out

## Preparation

- 1** In a bowl, combine chicken with all of the ingredients for the chicken marinade; let marinate for 30 to 60 minutes (or overnight, if time allows).
- 2** Heat oil in a large skillet or pot over medium-high heat. When sizzling, add chicken pieces in two or three batches, making sure not to crowd the pan. Fry each batch until browned, about 3 minutes. Set aside and keep warm.
- 3** Heat ghee in the same pan. Fry the onions until they start to sweat, about 6 minutes, while scraping up any browned bits stuck on the bottom of the pan.
- 4** Add garlic and ginger and sauté for 1 minute until fragrant, then add ground coriander, cumin, and garam masala. Let cook for about 20 seconds until fragrant, while stirring occasionally.
- 5** Add crushed tomatoes, chili powder, and salt. Let simmer for about 10 to 15 minutes, stirring occasionally until sauce thickens and becomes a deep brown red colour.
- 6** Remove from heat, scoop mixture into a blender and blend until smooth. You may need to add a couple tablespoons of water to help it blend (up to  $\frac{1}{4}$  cup). Work in batches depending on the size of your blender.
- 7** Pour the puréed sauce back into the pan. Stir in the cream, sugar, and crushed kasoori methi / fenugreek leaves through the sauce.
- 8** Add the chicken with juices back into the pan and cook for an additional 8 to 10 minutes until chicken is cooked through and the sauce is thick and bubbling.

# Stuffing

 Mom – Better Homes Cook Book pg. 266

## Preparation

- 1 Combine bread, seasonings, parsley, onion, and butter.
- 2 Add broth and toss lightly to mix. Makes 8 cups, or enough stuffing for one 12-pound turkey.

## Ingredients

- 12 cups slightly dry bread cubes

- 1<sup>1/2</sup> tsp salt
- <sup>1/3</sup> cup snipped parsley
- <sup>1/3</sup> cup finely chopped onion
- 6 Tbsp butter or margarine, melted
- 1 cup canned condensed chicken broth

To cook stuffing outside bird, place stuffing into lightly buttered casserole dish and add additional 1 cup of chicken broth (or less, if it starts looking drowned). # Feeding the Starter

📄 Jim (and the rest of the internet)

## Preparation

**1** Take jar of starter out of fridge, and stir. In a new jar, place desired amount of starter and discard the rest to the trash or to a recipe.

**2** Add flour and water and stir to combine.

**3** Leave on the counter for 2 to 3 hours before placing back in the fridge, and feed again in a week. If leaving on the counter, feed again in 12 hours.

## Ingredients

113 g starter  
113 g AP flour  
113 g water, room temp

An active, ready starter should double in volume within 4 hours after feeding. As a first approach, feed once, leave at room temperature for 12 hours, feed a second time, and the starter should be ready to go in 4 hours.

# Zingerman's Levain

 Zingerman's via Jim

## Preparation

- 1 Take all ingredients and stir to combine.
- 2 Leave in a covered bowl, for 6-8 hours, before using in the recipe calling for it.

## Ingredients

102.5 g active starter  
205 g AP flour  
102.5 g water, room temp

---

## Folding

Shape the dough into a rectangle. Fold  $\frac{1}{3}$  of the dough toward the center and then fold  $\frac{1}{3}$  of the dough from the other side over that. Repeat vertically, and place the “package” of dough seam side down into the proofing container.

---

## Touch test

Poke the bread with a finger. The loaf is ready when the indentation pushes back very slowly and doesn't completely fill back in. If it immediately pushes back out, check again in 15 minutes; if it doesn't spring back at all, bake immediately and score very lightly.

---

## Baking with steam

Place ice cubes into preheated cast iron skillet, place loaves onto baking stone, and cover loaves - making sure cover extends over edge of baking stone, allowing it to capture steam produce by ice cubes.

---

## Freezing

Wrap fresh, cooled loaves in saran wrap, then aluminum foil, before placing in freezer. To thaw, preheat oven to 425°F. Unwrap and place on baking sheet; bake for ~15 minutes.

# Better Than San Francisco Sourdough Bread

 Zingerman's via Jim

## Preparation

## Ingredients

- 1 Place the water in the mixing bowl. Tear the levain into small pieces and add to the water. Add half of the flour (347.5 g). Stir with a wooden spoon until the dough is a smooth batter. Add the remaining flour and salt. Mix to combine until the dough is rough and shaggy.
- 2 Turn the dough out onto a clean, unfloured work surface, scraping any bits of flour or dough out of the bowl. Knead the dough for 6 to 8 minutes.
- 3 Lightly oil a container and place the dough into the container. Cover with plastic. Let the dough ferment for 1 hour.
- 4 Place the dough on a lightly floured work surface and fold for the first time. Place it back into the container and cover with plastic. Ferment for 1 hour.
- 5 Place the dough on a lightly floured work surface and fold for the second time. Place it back into the container and cover. Ferment for 1 hour.
- 6 Place the dough on a lightly floured work surface and fold for the third time. Place it back into the container and cover. Ferment for 1 hour.
- 7 Lightly flour the work surface and place the dough on the surface. Divide the dough into two equal portions. Pre-shape each into a round, cover, and let rest for 30 minutes.
- 8 Shape each round into a boule and place the loaves seam side down on parchment paper, covering each with plastic. Proof for 2½ to 3½ hours at room temperature. Use the touch test to see if the loaves are ready for the oven.
- 9 Preheat the oven with a baking stone and cast iron skillet to 450°F roughly 45 minutes before baking.
- 10 Uncover the loaves and place one on a baking peel and score. Place second loaf in fridge if your baking stone won't fit both loaves simultaneously.
- 11 Slide the loaf (or loaves) onto the preheated baking stone and bake for 10 minutes with steam, covered. Uncover and bake for an additional 25 to 30 minutes or until they sound hollow when tapped on the bottom. Remove from oven and cool on cooling rack. Cool completely before cutting.

# CINNAMON RAISIN SOURDOUGH BREAD

 King Arthur Baking

## Preparation

- 1 To make the dough:** Combine all of the dough ingredients, mix, and knead – using your hands, a stand mixer, or a bread machine set on the dough cycle – to make a soft, smooth dough.
- 2** Place the dough in a lightly greased container, and allow it to rise for 1½ to 2 hours, until it's just about doubled in bulk.
- 3** While the dough is rising, make the filling by stirring together the sugar, cinnamon, and flour.
- 4** Gently deflate the dough, and transfer it to a lightly greased work surface.
- 5** Roll (floured rolling pin) and pat the dough into a rough rectangle approximately 6"x 20".
- 6** Brush the dough with the egg/water mixture and sprinkle it evenly with the filling and raisins, leaving a bare strip about 1" wide along one short edge; this will make it easier to seal.
- 7** Starting with the short end that's covered with filling, roll the dough into a log. Pinch the ends to seal, and pinch the long seam closed.
- 8** Transfer the log, seam-side down, to a lightly greased 9"x 5" loaf pan. Cover and allow the bread to rise until it's crested about 1" over the rim of the pan, about 1 hour.
- 9** While the dough is rising, preheat the oven to 350°F.
- 10** Bake the bread uncovered for 15 minutes. Place aluminum foil tent lightly over pan and cook for a further 25 to 30 minutes. The bread's crust will be light golden brown, and the interior of the finished loaf should be 190°F.
- 11** Remove the bread from the oven, and gently loosen the edges. Turn it out of the pan, and brush the surfaces with a knob of butter; this will give it a soft, satiny crust. Allow the bread to cool completely before slicing.

- 4 Add eggs, peanut butter, and vanilla; mix at medium speed until light and fluffy.
- 5 Add the flour mixture and mix at low speed until just mixed. Do not overmix.
- 6 Drop by rounded tablespoons (#30 scoop?) onto an ungreased cookie sheet, 1½ inches apart. With a wet fork, gently press a crisscross pattern on top of cookies.

# S'mores Hershey Kiss Cookies

 S'mores craving and the internet

## Preparation

**1** Preheat the oven to 350°F. Line two large, rimmed baking sheets with parchment paper, silpat liner, or lightly grease with cooking spray.

**2** In a bowl, whisk together the flour, baking powder, baking soda, and salt.

**3** Using an electric handheld mixer or in the bowl of a stand mixer fitted with the paddle attachment, beat together the butter, sugars, and graham cracker crumbs for 2 to 3 minutes, until light and creamy.

**4** Add the egg and vanilla and mix. Add the flour mixture and mix until just combined.

**5** Measure out about a tablespoon (#60 scoop) and roll into a ball. Roll the cookie dough ball in the “topping” graham cracker crumbs to coat lightly.

**6** Place the cookie dough on the prepared baking sheets, 12 per sheet. Bake one sheet at a time for 8 to 10 minutes until the cookies are just starting to crack a bit; they should still be soft. Let them cool for a minute or two on the baking sheet.

**7** Preheat the broiler, making sure an oven rack is about 10-inches below the heating element. Place a marshmallow half, cut side down, on top of each cookie and broil the marshmallows for about 30 seconds, watching closely! They should be golden brown and soft.

**8** Working quickly, immediately push a Hershey's Kiss gently into the center of each soft marshmallow.

**9** Repeat with the remaining cookie sheet – you may find it helpful to turn the oven off for a few minutes before setting it back to 350°F.

**10** Let the cookies cool until the Hershey's Kiss has set up again.

## Ingredients

177 g AP flour  
 ½ tsp baking powder  
 ¼ tsp baking soda  
 ¼ tsp salt  
 8 Tbsp unsalted butter, softened  
 50 g sugar  
 50 g light brown sugar  
 85 g graham cracker crumbs, plus 28 g for topping  
 1 large egg  
 1 tsp vanilla extract  
 12 marshmallows cut in half  
 24 Hershey's Kisses, unwrapped

Cut the marshmallows in half crosswise – like a hamburger bun. You’ll get two marshmallows with the original diameter and half as high.

### Convection Oven

If using a convection oven, bake at 325°F.

- 2 cups finely chopped or ground walnuts
- 6 cups AP flour (720 g)

# Tiramisu

📄 Plague-time quarantine desire

## Preparation

- 1 In very large bowl, whisk together egg yolks and sugar in the top of a double boiler, over boiling water.
- 2 Reduce the heat to low (water should be simmering), and cook for about 10 minutes, stirring constantly with a wire whisk. This is your sabayon, remove from heat and continue to whip yolks until thick and lemon-colored. Allow to cool briefly before mixing in mascarpone.
- 3 Add room temperature mascarpone to whipped yolks, mix until well combined.
- 4 In a separate bowl, use an electric mixer to whip cream to stiff peaks. Mixer speed should start low before gradually increasing, taking about 10 minutes.
- 5 Gently fold whipped cream in the mascarpone sabayon mixture and set aside.
- 6 Mix cold espresso with coffee liquor and dip ladyfingers into the mixture just long enough to get them wet – do not soak them!
- 7 Arrange ladyfingers in bottom of dish(es).
- 8 Spoon half the mascarpone cream filling over the ladyfingers.
- 9 Repeat process with another layer of ladyfingers and add another layer of mascarpone cream.
- 10 Refrigerate at least 6 hours; overnight is better.
- 11 Dust with cocoa before serving.

## Ingredients

- 9 large egg yolks
- 1½ cup sugar (300 g)
- 440 g mascarpone cheese
- 624 g heavy whipping cream
- 3 packages of soft ladyfingers
- 1½ cups cold espresso or strong coffee (see Mocha Frappuccino recipe)
- ¾ cup Kahlua
- dash unsweetened cocoa

## Things to Keep in Mind

Eggs and mascarpone should be room temperature for best results.

Do not under whip the sabayon.

Always use the freshest products available. If the eggs, cream, or mascarpone are close to the expiration date, they can break down in the recipe.

To freeze, place plastic wrap directly against surface (without cocoa) to prevent a skin from forming and cover tightly. Repeat the process with an additional layer of plastic wrap and then cover with tin foil and freeze. To defrost, let it sit at room temperature for 15 to 20 minutes. Add cocoa and serve.
